Organic Certifier(s): _____

As exhibitors in the Organic Pavilion, Fresh Ideas Organic Marketplace, or in the organic section of New Products Showcase, we agree EVERY product that we display and sample in our booth will meet the following standards:

- All products must meet USDA, EU 2092/91, Canadian or JAS regulations for one of the following categories:
 - 100% organic
 - Organic (95% organic)
 - Made With Organic Ingredients (70% organic)
- All products must be certified by an accredited certifier according to the USDA National Organic Program, EU 2092/91, Canadian or JAS standards
- All fiber products must be 50% certified organic fiber or more
- All personal care and other non-food products must meet existing USDA National Organic Program standards
- All support and professional services must have a significant portion of business directly related to organic

We understand that New Hope Natural Media may remove products from our booth that are not in compliance with these standards and if necessary relocate our booth outside of the Organic Pavilion.

Please sign and fax to Expo Sales at 303.939.9559 with copies of current organic certification for products and manufacturing facility or co-packer. Certification must include brand ID, be current and in effect at start of trade show, and New Hope Natural Media must have this signed agreement on file at the time of the contract.

Please indicate at which show your company will be exhibiting.
